ABOUT THE CLINIC FOR SPECIAL CHILDREN The Clinic for Special Children was established in 1989 as a non-profit medical service for children with genetic disorders. The Clinic serves children by translating advances in genetics into timely diagnoses and accessible, comprehensive medical care, and by developing better understanding of heritable diseases. Work at the Clinic is focused on 3 major goals: provide effective and affordable diagnosis and comprehensive care for children with genetic conditions, develop modern laboratory methods that serve the needs of patients and families, and develop, the capability for clinical studies, education, and training in genetic medicine.

All announcements day of sale take precedence over prior advertising.
